DETAILED ACTION

Drawings

The drawing is objected to under 37CFR1.84 (p) (5) as failing to contain all of the numerals in the description. For example, 24 in line 18 on page 11 is not in the drawing. The drawing and the specification should be carefully reviewed and amended so that the numerals in one appear in the other. The introduction of new matter should be guarded against.

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 1-3 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Regarding claim 1, "connected" in line 4 should be --connectable-- since the vehicle is not claimed. Also the wherein clause at the end of the claim is inaccurate. One oil pipe is connected to the implement cylinder and one to the service part. See the specification, page 13, lines 12-28. Note only one pipe is claimed. Correction is required.

Conclusion

Yakawa, et al discloses a device similar to applicant's device.
